The period of employment of the factory and ministerial staff employed in the Government Silk Filature (as detailed in the appended statement No.I) will expire on the 31st March 1945. The General Manager says that the entire staff is necessary for running the filature. I, therefore, recommend that Government may be pleased to sanction the continuance of the entire staff for a further period of one year till 31st March 1946.

2. Due to the misapprehension on his part, which I have already explained to Government in my letter No.5216-D/43 dated 19th September 1944, the General Manager has filled up the posts detailed in statement No.II even though sanction for their employment was not received. This he had done before he received my instructions in this regard. In the circumstances, I request that Government may be pleased to sanction the employment of these individuals from the dates of their appointment upto 31st March 1945 and also their continuance for one year upto 31st March 1946.

3. The posts listed in statement No.III and sanctioned in G.Os.No.456 Development Department dated 26-10-1942 and G.O.No.17 Ms. Development Department dated 8-1-43 have not yet been filled up. Their continuance for one year upto 31st March 1946 may also be sanctioned. The General Manager will however fill up these posts as and when necessary commencing from 1-4-45.
